

# *Riley Park Ice Rink*

Riley Park is in the heart of Downtown Farmington. The park was completed in 2005, along with the Sundquist Pavilion. Together, Riley Park and the Sundquist Pavilion created a fresh and vital vibrancy in our downtown.

Riley Park is home to our popular Farmington Farmers & Artisans Market, RhythMZ in Riley Park and the beloved Harvest Moon Celebration. The addition of an outdoor ice rink will make the park an all-season destination.

The Riley Park Ice Rink will be a 4,800-square-foot refrigerated ice rink, complete with charming lights. It will open for skating on most cold-weather winter days December through mid-March.

Thanks to a major contribution of \$100,000 from the Riley Foundation, the Riley Park Ice Rink will open in winter, 2013.
